EXPERIENCE

Front End Developer, Atlanta, GA — *Self Employed*

2014 - Present

Migrated content for Belle Make-Up NYC to fully responsive Wordpress theme. Wrote custom CSS and featured an Instagram feed.

Built the Georgia Perimeter College Newsroom allowing administrators to moderate articles in Drupal 7 responsive theme compatible with older versions of IE.

Redesigned the Georgia Perimeter College Admissions Homepage using client-provided markup, building all content types, taxonomy terms, blocks and Views to simplify Drupal 6 site administration.

Performed cross browser testing for Champps.com and FoxandHound.com Wordpress sites. Used native devices, VMs and Browserstack in QA.

Drupal Theme Developer at Sony Music Entertainment, New York, NY — *Contract*

2010 - 2014

Maintained the Drupal Production queue for Sony Music platform.

Resolved CSS, HTML, JavaScript and PHP template issues flagged by QA.

Regression tested 170 site themes upgraded to new Drupal releases.

Reviewed code commits from other developers and vetted PSD comps from designers.

Web Developer, Brooklyn, NY — *Self-Employed*

2007 - 2010

Started an independent web design company. Clients included the American Business Women's Association NYC Chapter.

Junior Application Developer at JPMorgan Chase, Jersey City, NJ — *Employee*

2003 - 2007

Built the Global Investment Bank Finance website used by over 700 expense managers.
